The Curriculum

Children are unique individuals. The diversity of children's characters, interests and abilities are respected. Tumbuh Primary School applies International Primary Curriculum (IPC) with a combination of Cambridge International Primary Program (CIPP) and National Curriculum. Learning is designed with flexibility to meet the needs of children to reach their best potential.

- **Child-Centered & Fun Learning:** Engaging, thematic, and cross-curricular methods designed for all learning styles and abilities.
- **Brain-Based Pedagogy:** Science-backed approaches that seamlessly combine knowledge, skills, and deep understanding.
- **Global Mindset & Resilience:** Cultivates adaptable, inquisitive learners prepared for a rapidly changing world.
- **Lifelong Character Building:** Nurtures multiple intelligences, personal growth, and a lasting passion for learning.
